NOTICE TO BIDDERS

NOTICE OF LETTING OF CONTRACTS

This notice is given by order of the Board of Supervisors of Winnebago County, Iowas, in the County of Winnebago, in and for Winnebago County, Iowa, acting as Fleet Control, that a public improvement for the construction of the proposed improvements to the Water System, known as the "Kiemle Water Repair Project," in and for Winnebago County, Iowa, is to be let for the furnishing of materials and labor for the construction of said improvement.

The extent of the work involved is the furnishing of materials and labor for the construction of said improvement. The bid and plan opening will be held on Wednesday, March 29 and April 5, 2017, at 10:00 a.m., at the Board of Supervisors, Room, 2nd Floor, 1500 3rd Street, Forest City, Iowa, before 10:00 o'clock on the 21st day of March, 2017.

The plans and specifications governing the construction of the proposed improvements are hereby made a part of the contract of the work and acceptance by the Board, subject to the conditions and in accordance with the provisions of Chapter 468 of the Code of Iowa, as amended.

By virtue of statutory authority, a preference is hereby granted to bidders from the state or foreign country in which the nonresidents of the state or foreign country, including but not limited to the state or foreign country, acting as Trustees of the County of Kiemle, Iowa, who require any preference to bidders from that state or foreign country, in an amount equal to ninety percent (90%) of the bid amount paid for said work, in an amount equal to that of bid amount paid for said work, or before December 1, 2017, in an amount equal to the bid amount paid for said work.

Dated at Forest City, Iowa this 21st day of March, 2017.

2016 Water Quality Report for Kiemle Water Works

This report contains important information regarding the water quality in our water system. The source of our water is groundwater. Our water quality is monitored and tested regularly to ensure compliance with the standards set by the Iowa Department of Natural Resources.

The table below shows the results of our water quality tests for the year 2016. The levels of contaminants were all below the maximum contaminant level goals (MCLGs) established by the Environmental Protection Agency (EPA).

DEFINITIONS
- Maximum Contaminant Level Goal (MCLG): The highest level of a contaminant in drinking water which the EPA believes is safe. The MCLG is an advisory level, not a legal standard. If a contaminant also has an MCL, the lower of the two levels is the maximum contaminant level (MCL).
- Maximum Contaminant Level (MCL): The highest level of a contaminant in drinking water which the EPA believes is safe. The MCL is a legal standard and if exceeded, can result in a violation of the Safe Drinking Water Act. If a contaminant also has an MCLG, the lower of the two levels is the MCL.
- Health Advisory Levels (HALs): Levels below which there is no known or anticipated health risk.
- Health Advisory Levels for Lead (HAL-LEAD): Levels below which there is no known or anticipated health risk.
- Health Advisory Levels for Radionuclides (HAL-RAD): Levels below which there is no known or anticipated health risk.
- Health Advisory Levels for Other Contaminants (HAL-OCC): Levels below which there is no known or anticipated health risk.

We take pride in providing our community with safe and clean drinking water. If you have any questions about this report or the quality of your drinking water, please contact our water quality team at 515-382-3219.
